Controlling Your Financial Future

(For employees with more than 5 years until retirement)

Your journey to retirement is unique. But to get on the right path, everyone should answer three questions:

1. Where are you today?
2. Where do you want to go?
3. How do you plan to get there?

This interactive workshop will last about 2 hours and will help you answer these questions, while learning ways to:

1. Improve your financial future.
2. More effectively manage your finances.
3. Prioritize your financial goals.
4. Apply wealth-building principles.

Managing Your Retirement Income

(For employees within 3 years of retirement)

How you spend money in retirement is as important as how you save it. This 2-hour workshop can help you create a well-planned, worry-free spend-down strategy with tools and resources to achieve your vision of retirement success.

Are You Saving Enough?

(For all employees)

Your contribution rate can have the biggest impact on your retirement income. Are you saving enough?

A retirement counselor will discuss:

1. How to know how much you need to save.
2. How to come up with the money to save.
3. How to get started saving or increase your savings.

Important Note: KPERS 457 retirement counselors only work for KPERS 457 participants and do not make a commission. They're motivated to provide service and education, not to sell.
